## The HARDI Concept

HARDI INTERNATIONAL A/S is an international group whose basic idea is to satisfy the user's requirements for quality products which ensure efficient, punctual and precise application of crop protection products. Our worldwide distribution and sales network comprise more than 100 countries where we are represented by importers, agents and sales subsidiaries. Latter are situated in Sweden, Norway, Denmark, the UK, France, Spain, North America, Germany and Australia.

The key words to ensure a leading position on the world market for crop protection equipment are research and development. When we develop new sprayers or components we have defined the following essential key words: Strength, Reliability, Capacity, Economy, Operational Friendliness, Service, Precision and Price. Any development is compared to these facts.

Over the past 45 years HARDI has committed to the ever-increasing demands for efficient and precise plant protection. HARDI is the trendsetter within application of crop protection products. To achieve this position continued developments and innovation are essential. HARDI is committed to the long term future of plant protection.
